## What makes Allan dead

He is no longer breathing AND ITS IS MY FAULT and all I'm doing is re-creating the scedwn over and over again. The cold hard tears run down my face in a constant river. AND I AM SORRY FOR LIVING . Teh gun and the trigger. The lsta memory that i will ever have off him is his cold body droppng onto the rock har grond.

soon as he pulled the trigger, I watched as he put the gun against his bright blue eyes which reflected my own, I love him. The only possible way to write this is intoxicated and I;m embarrassed by my own abbreviation. What would evryone at home think? What wil Stella think>? I don't care theres no onw, no one to hold me when im crybing too comfort me whebn im upset. He was such a faggot I even caught him having sex with dylN HIS "BEST FRIEND" yeah thats in quote marks because its as bull-shit sz the biggest cow pat in the field. The music kepton playing. and all i could do was just watch, this is the nice in which it happened and all i could do was watch. I know its horrible but it us true. that song. Playing over and over. The one in which i saw him having sex with Dylan -like is that even a name? WE played poker ... and gambled, all night ong. I told jim that he disgusted him, my only lovem\, the only person which had ever taken my heart and I killed him. ThT WAS the first time I had even said that, admitted to myself that I was the one in which had murdetred him, i know murer is such a strong word but it is the only one which is honest and i cant believe it happened. This is the first time i haVE BEEN PROPERLY DRUBNK and it is the only way to numb myself and to believe that what happened is obviously not happenede, but thank god for autocorrect. Nu,bing. The only way I believe that nothing happened that this is not real. Not gonna lie but if I van still c strate then it means I've not drink enough of the whisky lke autocorrect is life but my life is embarrasssment and I just htrate myself so much because of what it is do to me omg why is this even happen how can there even be such different types of drunk and I'm all of them righ not etc abdlgagabs I can't even deal with this I'm so upset and this is my real self and I've been hiding behind a mask 4 my whole life and now I'm just being serious and truth and honest and I don't think it will ever happen again because it's just so impossible and I need more alcohol it's the only way to. Numb myself from the paint and someone is dying and I think it idmem and its do difficult to feel a oak. Which is impossibly and that Kent to say painf so I don't know whetT happene f.

please help.

## Myself

I am a horrible, disgusting being and I'm really glad that my life amuses you all, that you can use this as stories over late night teas and as an after sex tale but this is the life that I have to live and I hate you but I hate myself even more kay?

## Dont even talk

So this happened guys. I'm so sorry but it is all my thoughts can process right now. Its the music. The bullet. Nothing else can compare to this. I am so sorry and it is all my fault. Everything is. Everything has gone in reverse. I know I have not posted in a while and this is the first time in like ages but it is extremely important and nothing you hear will feel as emotional as this will. SO here it goes. Guys I'm drubnk. Allan is dead and I'm drunk. It is the only feeling I can feel right now. The only way I can write this is in a drunken state.

### *A flans death*

He died. He died. I can't stop crying but suicide is the worst way to go. Its a false hope, a way of not living, of giving up. Which is what he did. He was so young, so beautiful. I am dead gtoo, as
