

Candidate 1 evidence

Part 1 – Everyday Life

You write a popular blog for young people. This week, your topic is 'How friends can influence your life'.

Write your **blog** on this topic.

You should include some or all of the following information:

- how to make friends
- importance of friends
- what makes good and bad friendships
- maintaining a friendship
- how friendships change over time.

You may also add your own ideas.

You should write approximately 200–250 words.

To make friends is not hard at all. For example if you sit beside someone talk with ~~them~~^{them} make some jokes. Laugh ask them for ~~is~~ ~~some~~ they got any hobbies? And ~~there~~^{boom} you got a ~~friend~~^{new} friend.

• Friends are ~~the~~ ~~1~~ at most important things in life for example when you are

sad they can ~~take~~^{cheer} your mood ~~down~~^{up} you can also go hangout with them play foot ball ~~or~~^{or} something. They ~~also~~^{also} can give you company make you laugh.

• Bad friendships are the friends who lie to your face and always want something from you. There are the one that ~~he~~ will back stab just for them to get something out of it. I've heard this quote "Betrayal never comes from your enemies" and it got me thinking that's why I rather ~~for~~ a ~~some~~ couple real friends ~~to~~ rather than million fake ones. But there are some good friendships those are the people who are straight with you if your fat they would say you've gained a

Little timber and would
 in course you to go the gym.
 They also would have your back
 No matter what these are the
 friends you would like to
 have. The ones who don't make
 a smart cut ~~can~~ and go straight
 to the point.

• Maintains friendships sometimes
 it's difficult both of you
 disagree on something. And then
 your friendship can fall apart
 The best advise i can
 give is give it time you
 will forgive each other sooner or
 later.

• Friendships can change rapidly
 for example your friend ~~goes~~
 goes to a different city
 and you see them like once
 a month it won't be the
 same like ~~was~~ ~~there~~ before
 you will get distanced with
 them. But ~~you~~ ~~can~~ ~~meet~~ ~~someone~~
~~and~~ ~~it~~

At the end of the day your
 friends will be there and don't
 talk ~~be~~ beside your back...
