

Candidate 3 evidence

Part 1 – Everyday Life

You write a popular blog for young people. This week, your topic is ‘How friends can influence your life’.

Write your **blog** on this topic.

You should include some or all of the following information:

- how to make friends
- importance of friends
- what makes good and bad friendships
- maintaining a friendship
- how friendships change over time.

You may also add your own ideas.

You should write approximately 200–250 words.

Have you ever wondered how friends can influence your life? Friends could have a huge impact in terms of ~~your~~ appearance, personality, and the way you live. Without further and so, let's talk about ~~the~~ what is friends and ~~how~~ how does ~~it~~ ^{friends} ~~it~~ ^{affect} ~~it~~ our life.

First, there are many ways to make friends. For example, ~~you~~ you could ~~make~~ make friend easily while you are playing sports. Also ~~you~~ you could make a lot of friends ~~at~~ at school as you could find people ~~in~~ the same age.

You may have a question, why do we ~~need~~ ^{need} friends? The answer is ~~that~~ having friends is so important to your life. You could learn a lot of things from your friends which the school didn't teach you. Such as ^{how to} communicate ~~with~~ with others, the way you express your emotion, and social skills. Which ~~of~~ those things are ~~so~~ ^{vital} ~~important~~ to you future ~~and~~ career, ~~it~~ it may help you to better fit in the work environment, or having a good relationship with others.

But remember, you should always make a good friendship, which you could learn from your friends and improve yourself. Making a bad friendship ~~could~~ would ruin your life. For example ^{friends that convinced you to} ~~take~~ take drugs and alcohol, these ~~are~~ things could give ~~you~~ you a unhealthy body or even a ~~poor~~ poor relationship with your family.

Friends have a great impact to your life. So that's why we should keep making friends and ~~to~~ ~~let~~ ~~us~~ make our lives better.
