CCS College of Further Education ✓ 1

Open Day

What is College Life Like?

- Some differences from high school you may notice:
 - You will find students come from a range of places/backgrounds - a great way to get to know new people
 - Your lecturers will allow you greater independence in your learning - helping to prepare you for the future
 - Most courses will allow you to fit in a part-time job - allowing you to earn money and develop your skills in a different way this could allow you to earn at least the National Minimum Wage/National Living Wage

£6.81 Per hour for under 18 year olds
£8.23 Per hour for 18-20 year olds
£9.14 Per hour for 21-22 year olds
£9.50 Per hour for those aged 23 or above

 ✓ 2

Welcome

- Thank you for coming along to find out more about CCS
- This is your chance to find out a bit more about:
 - The range of courses we have on offer
 - What college life may be like
 - How college may prepare you for the future

 2

How can CCS help me prepare for the future?

- After completing a course you will have a range of options for the future:
 - Completing one course may allow you to progress onto a higher level course
 - Eg progress on from an HNC to an HND
 - By performing well in your college course you may be able to progress straight into a degree course at university
 - By developing your skills and qualifications in college you will become more attractive to future employers
 - A number of employers will approach the college to promote positions they have available to our students as they complete their studies

 ✓ 1

What are the benefits of studying here at Central College Scotland?

Choosing a college can mean that you learn the practical skills that will help you in your future studies or when joining the workplace. We have an excellent range of courses at a range of levels here, all taught by committed and supportive lecturers who have a genuine interest in your progression.

We have excellent facilities to support both on campus and remote learning, ensuring that we keep up to date with industry standard software/equipment and practices. We have a great reputation with both past and present students as well as employers and universities that our students move on to following their studies here.

See some comments below:

“College has been the right move for me – I was able to come and study an HNC to let me see what my area of interest would be like and I got great support from the lecturers. I am now moving onto the HND and if I do well in that I have been told I can apply to go straight into 3rd year of a degree at university. I never imagined this would be possible for me!”
(Rachel, HNC Accounting Student)

“I loved my time here, made loads of friends on my course and the staff were so friendly and helpful. I moved straight into a job from my HND Fashion Business and felt so prepared after the course!” (Aadya, former HND Fashion Business Student)

“We have had many former students of Central College Scotland join our workforce over the years – we are generally so impressed with the skills they bring with them from college, and how workplace ready they are.” (Adam Malik, Founder of AMX Business Solutions)

0

How can the college support me during my time here?

The college has a range of support services available to ensure students are able to maximise their time here.

Student Counselling Services

We have trained counsellors who are able to provide a range of services for students who may be experiencing some challenges, this can range from one to one support, to small group work. We also offer students the chance to sign up for helpful Mindfulness sessions which have proven extremely useful for a large number of our students, and staff, in recent years.

Subsidised Student Gym

Students and staff are able to join our gym and fitness classes at a heavily subsidised rate which can allow participants to enjoy the many benefits of exercise on both physical and mental health.

Financial Advice

Students are able to book a session with an advisor to discuss financial difficulties you may be experiencing. Advisors may also be able to direct students towards possible financial support, depending on individual circumstances.

Central College Scotland ✓ 1

2 ✓ 1

Student Finances

The costs of life as a student will vary depending on your situation, whether you are living at home or near campus, whether you need to commute, etc.

Many students will try to have a part-time job whilst they are studying, not only can this be a benefit to your financial situation, it can also provide you with crucial work experience which will benefit you as you try to find a full-time job after your studies.

Keep checking notice boards on campus for current vacancies which many local employers will share with the college – both for part-time positions and full-time positions for those ready to finish their studies. These opportunities will also be shared on our virtual platforms which you will learn more about during your Induction sessions.

If you do decide that moving to live on campus or near campus is for you, we have estimated below some of the costs for a student who may be living away from home. These costs are estimated on a per week basis. Please be aware that rental costs can vary significantly.

Rent ¹	£125.00	✓ 1
Food	£30.00	
Going out	£30.00	
Travel	£15.00	
Miscellaneous costs (clothes etc)	£25.00	
Total Cost per Week	£225.00	✓ 1

Course Fees

Your course fee will vary depending on the level of study that you are completing and an up-to-date fee will have been quoted to you when you were offered your place at College.

You can apply to SAAS based on residency. To meet their general residence conditions, you must:

- be ordinarily resident in the United Kingdom, the Channel Islands or the Isle of Man for three years immediately before the relevant date, and
- have 'settled status' in the UK (as set out in the Immigration Act 1971) on the relevant date, and
- be ordinarily resident in Scotland on the relevant date. ✓ 1

¹ Based on self-catering college accommodation, single en-suite room. ✓ 1

Advice for New Students

We have asked a range of people what advice they would pass on to new students joining the college, below are a few ideas they have offered you.

"Make sure you keep on top of your coursework - there will be times when you may have a lot of deadlines so it really makes sense to start early when pieces of work are assigned." (Natalie, HND Student)

"Don't be afraid to ask your lecturers if you are unsure of anything. It may feel very different to school but your lecturers want you to succeed and will happily help you out when you need it." (Jade Johnson, Lecturer)

"Make sure you keep it all in perspective - at times you may feel overwhelmed, but these times will pass and you will be able to move on from this. If you are struggling, seek support from your lecturers or Student Counselling." (Aqsa Khan, Student Counsellor)
