

Candidate 2 evidence

Having a good neighbour has lots of qualities, for example: If you have a good neighbour ~~that~~ who ~~shares you~~ you could share your sadness and happiness, then in my opinion, you don't have to worry about anything. For example: You want to go to an interview but you can't leave your child alone so you could leave your child with your neighbour until you finish your interview. Another quality of a good neighbour ~~is~~ is that when you are in a trouble, you could ask him for help. I mean if you are in a financial problem, there

is no doubt that your ~~right~~ neighbour will help you as well as your ~~rich~~ child could build a friendship with the ~~neighbour's~~ ~~child~~ neighbour's child. Neighbours are very important because as we say (Arabs): ~~the~~ ~~heaven~~ ~~is~~ ~~not~~ ~~for~~ ~~the~~ ~~righteous~~ ~~alone~~ ~~but~~ ~~for~~ ~~those~~ ~~who~~ ~~remember~~ ~~to~~ ~~give~~ ~~back~~ ~~what~~ ~~they~~ ~~have~~ ~~received~~ that you can't live even in the heaven without people, so if you live in an area but don't connect with your neighbour will cause a spiritual problem to you where you will feel lonely especially in a ~~far~~ foreign country. To build a relationship with your neighbour, you have to be honest and loyal with him, as we said: your neighbour will help you if you are in a financial problem, then you should give him his money back so he will ~~th~~ believe that you are a loyal man. Sometimes, a problem could take place between you and your neighbour so my advice to you is when you ~~so~~ go home, think about it deeply: who is wrong, if you ~~are~~ ^{were} wrong then you have to apologise, even if he ~~is~~ ^{was} wrong, ~~th~~ you go and ~~also~~ apologise first where he will regret what happened and your relationship with him will become stronger. In terms of neighbourhood groups, I think it is ~~is~~ good because it makes all neighbours know each other and give a chance to build ~~a~~ a very strong relationship between them.
