

Higher ESOL writing – Study

Candidate 6

This is a good attempt at the task overall but a narrower range of grammar precludes the award of a higher mark.

Mark awarded: 10

The candidate fully achieves the task with clear support for points made. Writing is coherent and cohesive with a positive impact on the reader. Style and layout are wholly appropriate for the intended reader.

A wide range of vocabulary is used accurately and appropriately within the context of the task, but there are occasional inaccuracies (*lightens your shoulders/gives a sharper result for the grades*) which brings the mark in this criterion down.

A wide range of grammatical structures is used with a reasonable level of accuracy and punctuation is mostly accurate. A wider range of structure would have given a higher mark to this task.
