Don't be fooled by all those 5 star reviews of this restaurant. I completely disagree with them. I've never had a worse dining experience in my life. Let me tell you why.

The restaurant itself it's beautifully made but it loses it all due to staff. When we came in we were not even welcomed by anyone. Person who was responsible for the tables didn't ^{even} say "hello", no eye contact and was so rude that she only told us the number of our table and left us to find it ourselves.

When I had a look at the menu, what shocked me was the wine list which was very overpriced. There were only 4 choices of dinner food and when I asked for ~~the fish~~ ~~it~~ I was told that they ran out. Could you believe it? It felt like being in a chip shop not in a restaurant.

After impressive 45 min wait for our food to arrive, I've been served with almost raw steak instead of "well done" as I asked. I called a waiter to have it corrected but instead of helpful

approach, I was left with a feeling that I did something wrong. The waiter was rude and arrogant, saying that my steak is ~~so~~ completely fine and she took it away with a smug face.

I am completely disappointed with the whole experience. This restaurant deserves only 1 star for menu, food, staff and atmosphere. Be careful if people, there are hired people to write 5 star reviews, so not all that you'll read here is truth. I'd not recommend this place to anyone.
