4.	<p>A Psychological approach will help this care worker understand Eva's behaviour because this would help her understand Eva's thoughts and feelings by understanding her feelings the care worker could improve Eva's nursery time and work with her to help her feel comfortable. This A discussion and bonding time extra between the care worker and Eva could show her that time away from her parents would be a good thing.</p>
5.	<p>norms is the way we naturally see things as we feel this is the correct way to act</p>
	<p>stereotyping is a made up opinion</p>

ENTER NUMBER OF QUESTION	DO NOT WRITE IN THIS MARGIN
	<p>On some one or some people that isn't necessarily true. For example, "all women are bad drivers". All though this isn't correct people have chosen to mark a group instead of the set individual who may have given them that idea impression.</p>
6.	<p>A peer group can have a huge influence on an individual as many people want to be liked or impress others. Choosing to impress others could mean giving into peer pressure so no-one will think badly of you. For example if friends pushing you to take up sm smoking. Although you know it's bad for you, you don't want others to think your scared or uncool so you do it to</p>

ENTER NUMBER OF QUESTION	DO NOT WRITE IN THIS MARGIN
7.	<p>please them. Peer groups are are not always bad. Peers could pressure you to do things that you benefit you like applying for a job you'd love but are too nervous to go for. Peers could push you to make good and bad choices, that may affect the future.</p> <p>Daniel could be a victim of discrimination as he's homeless and may not have the best start to life. The effect of this discrimination could be he stays homeless. He may not get on his feet and have stability if no one will give him a shot. The constant set backs could ruin Daniel's confidence and he may not apply for anymore jobs. Daniel may also become depressed, as he might think his life</p>

ENTER NUMBER OF QUESTION	DO NOT WRITE IN THIS MARGIN
	<p>won't change and he could struggle with his emotions. In result of all this happening Daniels life changes will be decreased by many.</p>
8.	<p>Two stages of the care planning process including identifying and further action.</p>
b.	<p>Identifying the individuals problems is the main part of taking actions to help them. Knowing what issues they have will help the care worker identify their needs and this will result in taking further action to helping them get better.</p>

ENTER NUMBER OF QUESTION	DO NOT WRITE IN THIS MARGIN
9.	Two Principles are Privacy and Dignity.
	Privacy is set to make sure the individual is comfortable and safely looked after but still have the freedom to make an choices and do things for themselves.
	Dignity is set to make sure that even though the individual might need help with some things, they also can do things for themselves later So they still feel in control of themselves and respected.
10.	A positive feature of a private care sector is there is more focus on the set patients they have

ENTER NUMBER OF QUESTION		DO NOT WRITE IN THIS MARGIN
	<p>which could make the patient feel looked after a lot more than a public care sector. Also the privacy of having your own space.</p>
