

**Candidate 2**

Task Number

1

In this report I am going to write about my company's cafeteria.

every employee should get a list of foods for a weeks menu and pick one thing that they would like to have for the rest of the week, for example - what drink there are, sandwich fillings and meal deals.

We should also get a staff suggestions for recipes. The canteen environment should be nice and friendly and have lots of space for every one to sit and eat.

I hope this would help our company's cafeteria grow big and friendly.
