

# Candidate 9

As a guide, you may wish to spend about 30 minutes on Part 1 and about 40 minutes on Part 2.

## Part 1 — Everyday Life

15

Read the task below and write your answer on the lined answer sheets below and on page 03.

The local council is running a competition for the best ideas to increase environmental awareness amongst students in schools and colleges. Your school or college is not very environmentally friendly but you would like to enter the competition.

Write a formal e-mail to your school head or college principal. In your e-mail you should include some or all of the following:

- reasons for entering the competition
- suggestions about recycling
- energy saving ideas
- making the local area more wildlife friendly
- raising awareness in the school/college
- how students could get involved

You should write between 140–160 words.

Dear Mrs. Grant
I have some ideas for the environmental awareness competition I would like you to consider.
The reason I decided to join this competition is <sup>that</sup> <del>because</del> i am aware of the school not being environmentally friendly and i would like to change that with my ideas.

I suggest that the school should have ~~a recycling bins~~ ~~at over the campus~~ recycling bins all over the campus. ~~this will~~ Raising awareness ~~in the~~ in the school about recycling will help pupils understand how ~~wasting~~ can impact our environment. Pupils can volunteer to go around the school and make sure the school is clean and recycle any rubbish found. I think that's the best way students can get involved in making the school's environment more friendly. Another thing I suggest is making the local area more wildlife friendly. by that I mean going around the local area and placing bird houses. These are my ideas for the competition. thank you.
