Part 1 – Everyday Life

Dear manager of leisure centre
I am pleased you have asked me about my experience and I am more than happy to give my feedback.
I would like to start with leisure building. It is very good organised - everything needed could be easily found. Moreover all centre is very comfy and convince, and spending time there is a pleasure.
Another point is cleanliness. I consider this place is so attractive partly because of completely cleanliness .

there is no dirt or dust in any room or toilet.

One of the biggest advantages of a centre is a wide range of activities on offer. Absolutely every person can find something they would like to try.¹⁰⁰

Furthermore all rooms are stuffed with coffee machines which is great, however I would like to ~~see~~ have the ability buying some snacks as well.

~~then who ever visited with~~

On the other hand I am not very happy with behaviour of staff. Of course there are some workers who are very kind and friendly and always ready to help. However the majority of staff are quite rude with customers and with me personally. I would also like to ask them be more patient to children and at least try not to show that they are annoyed with kids.
