Part 2 – Study

~~Some people think that school children should learn how to grow vegetable and take care of animal. ~~At the~~~~

~~some~~ To learn and know about ~~a~~ animal and vegetable ~~is good for~~ is nice think ~~because~~ ^{some} people think that school children should learn how to grow vegetable and take care of animal. we ~~are~~ always have in life ~~a~~ advantages and disadvantages.

One Advantage is the children can understanding how ~~things~~ things grow, ~~it~~ is good to let children ~~to~~ know every thing. ~~the~~ ^{the} positive is health and safety ~~of~~ the ~~the~~ kids ~~can~~ will know more about the vitameen in vegetable ~~and~~ also some children do not like type of vegetable maybe if they know how is safety for body will change the mind. ~~On~~ther Postive is ~~to~~ taking responsibility is a great think to let children have

responsibility ~~to children~~ that is
~~children~~ will improve the
 confidence for children.

~~On the other hand is~~ ^{time consideration}
 On the other hand is school donot
 have time to teach all of these at
 day. in adional is active / out door is
 not always sunny ~~sometimes~~ the wether
 & ^{the} ^{is} ~~int~~ ^{UK} could moreover is they will need
 to 2 or 3 chears to take care of children
 out door of school. an other negative
 is some children donot like animal
 or have fobia from it.

To sum up, every thing have
 advantage and disadvantage all people
 have different opinion. in my opinion,
~~I think~~ ~~my~~ ~~right~~ is right and great
 to for ~~childre~~ children to learn
 it in school. ~~they~~ ~~is~~ will improve
 their thinking.
